Far far away, behind the word mountains,
far from the countries Vokalia and
Consonantia, there live the blind texts.
Separated they live in Bookmarksgrove right
at the coast of the Semantics, a large
language ocean.

Slider

Rich UI
Control

The image shows three slider controls stacked vertically. Each slider has a range from 1988 to 2008. The top slider is labeled 'File Date' and has a yellow callout box with the year '1995' above its handle. The middle slider is labeled 'Publish Date' and the bottom one is labeled 'Expiration Date'. Each slider has a question mark icon in the top right corner.

Rule Builder/Predicate Editor

Rich UI
Control

The image shows the Wufoo Rule Builder/Predicate Editor interface. At the top, it says 'Wufoo Account. Forms.'. Below that, it says 'Display entries that meet all of the following conditions:'. There are two conditions listed: 'Assigned To' contains 'Ryan' and 'Fixed?' is equal to 'No'. Each condition has a dropdown for the field, a dropdown for the condition, and a text input for the search term. There are 'Submit' and 'Cancel' buttons at the bottom.

Scoped Search

Rich UI
Control

The image shows a 'Scoped Search' interface. It features a search bar with a magnifying glass icon and the word 'Search'. A dropdown menu is open, showing a list of search scopes: 'Everything' (selected), 'Updates', 'Photos', 'Videos', and 'Audio'. The background shows a partial view of a search results page with a 'People' section.

Welcome to Uluru

We spent the third day of our vacation in "the center", where we visited Uluru and did the long circuit hike around what was formerly known as Ayer's Rock.

The lighting at sunset was fantastic...
