### External audit, programme budget for 2013 and related documents

#### A. Introduction

1. The Assembly of States Parties (the Assembly) had before it the 2013 proposed programme budget submitted by the Court on 9 August 2012,<sup>1</sup> the reports of the eighteenth<sup>2</sup> and nineteenth sessions<sup>3</sup> of the Committee on Budget and Finance (the Committee), the financial statements for the period 1 January to 31 December 2011,<sup>4</sup> and the Trust Fund for Victims financial statements for the period 1 January to 31 December 2011.<sup>5</sup> The Assembly also had before it annex VI of the report of the Committee on the work of its nineteenth session, in which the Court outlines the budgetary implications of the Committee's recommendations on the budgets of major programmes.

2. At its 5th plenary meeting, the Assembly heard the statements made by the Registrar of the Court, Ms. Silvana Arbia, the Chair of the Committee, Mr. Gilles Finkelstein and the representative of the External Auditor (the National Audit Office of the United Kingdom of Great Britain and Northern Ireland).

3. The Working Group on the Programme Budget met on 17 and 20 November 2012. During these meetings the draft resolution and the report of the Working Group were considered and finalised. The Working Group was assisted in its work by the Chair, the Vice Chair and three members of the Committee.

#### B. External audit

4. The Assembly noted with appreciation the reports of the External Auditor and related comments of the Committee contained in the report on the work of its nineteenth session. The Assembly noted that the Committee had endorsed the External Auditor's recommendations.

#### C. Amount of appropriation

5. The Court's 2013 proposed programme budget amounted to €118.4 million, including €6.02 million for the rent of the interim premises.

6. The Committee's first examination of the Court's 2013 proposed programme budget, at its nineteenth session, found a number of areas where, based on actual and forecast expenditure, as well as actual experience, a number of savings could be made. Accordingly, the Committee had recommended that the budget allocation be reduced to a total of €115.12 million.

7. The Assembly endorsed the recommendations contained in the report of the Committee with the modifications reflected in the annex. The Assembly approved a budget appropriation for 2013 of €115,120,300.

8. The Assembly welcomed the generous contribution to the rent of the interim premises by the host State (€2,950,700) and by Mexico (€130,000), which brings down the total level of assessed contributions for the 2013 programme budget to €112,039,600.

#### D. Contingency Fund

9. The Assembly recommended keeping the minimum level of the Contingency Fund at €7 million.

<sup>1</sup> *Official Records ... Eleventh session ... 2012*, (ICC-ASP/11/20), vol. II, part A.

<sup>2</sup> *Ibid.*, part B.1.

<sup>3</sup> *Ibid.*, part B.2.

<sup>4</sup> *Ibid.*, part C.1.

<sup>5</sup> *Ibid.*, part C.2.

10. The Assembly noted that the Registrar reported that the implementation for the 2012 approved budget is estimated to be 98.5 per cent, equivalent to €107.1 million. In addition, notifications regarding potential access to the Contingency Fund during 2012 amounted to €3.8 million with an implementation rate of 58 per cent, or €2.2 million. The estimated implementation of the 2012 approved budget and of the Contingency Fund resulted in a combined estimated expenditure for the Court of €109.3 million in 2012, representing an excess of €0.5 million over the 2012 approved budget of €108.8 million. Based on these forecasts, the estimated access to the Contingency Fund amounts to €0.5 million. Consequently, States Parties would need to replenish the Contingency Fund in the amount of €0.5 million in order to keep it at the minimum €7 million at the beginning of 2013.

11. The Assembly considered the methodology for replenishment of the Contingency Fund. The Assembly decided that the amount of replenishment would be based on an estimation provided by the Court, while recognising that the level of the Contingency Fund may differ from the approved threshold after the closure of the accounts of the Court and the publication of its financial statements for 2012, as reflected in the resolution on the programme budget for 2013.<sup>6</sup>

12. Following established practice, the Assembly authorized the Court to transfer funds between major programmes at year end if the costs of unforeseen activities could not be absorbed within one major programme while a surplus existed in other major programmes, to ensure that all appropriations for 2012 were exhausted before accessing the Contingency Fund.

#### **E. Financing of appropriations and Contingency Fund replenishment for 2013**

13. The Assembly noted that the contributions to the interim premises by the host State and Mexico financed a portion of the budget appropriation. The remaining part to be assessed for contributions by States Parties amounted to €112,039,600. It further noted that, in addition, an amount of €500,000 needed to be assessed for contributions by States Parties to replenish the Contingency Fund.

14. The Assembly resolved that, for 2013, the budget and Contingency Fund replenishment assessed contributions amounted to €112,539,600.

## Annex II

### Explanatory note on one-time payments<sup>1</sup>

#### A. Introduction

1. This explanatory note provides States Parties with further clarifications on the principles for one-time payments, in connexion with the criteria applicable to the agreement on the loan, in view of the proposed extension for States Parties to opt for one-time payments until 31 December 2014. It includes some indicative figures, comparing one-time payments to the participation in the loan repayment over a 30-year period at an interest rate of 2.5 per cent, through annual payments. This is illustrated for each State Party individually in the table included as an annex in the report of the Oversight Committee.<sup>2</sup>

#### B. One-time payments: modalities

2. Annex III to resolution ICC-ASP/7/Res.1 provides the criteria applicable to the agreement on the loan and the principles for one-time payments of the assessed share (extract included as appendix I to this note). The following points are aimed at operationalizing these provisions:

(a) The amount of a one-time payment for State Party A can be calculated according to the following formula:

$$\text{One-time payment A} = (\text{building cost})^3 \times (\text{share of assessed contributions of State Party A}) - (\text{Discount 1}) - (\text{Discount 2})$$

Where:

$$(\text{Discount 1})^4 = (\text{share of assessed contributions of State Party A}) \times 17.5\% \times (\text{building cost})$$

$$(\text{Discount 2})^5 = (\text{share of assessed contributions of State Party A}) \times (\text{amount of the 17.5\% host State subsidy on the difference between maximum loan amount (€200 million) and the building cost.})$$

Explanation: as indicated in resolution ICC-ASP/6/Res.1, the overall construction costs of the project, are to be no more than €190 million. The host State agreed in its original offer to deduct a subsidy of 17.5 per cent of the amount not utilized under the maximum ceiling of the loan facility (€200 million) from the total amount borrowed, i.e. the difference between 200 million and the final drawn amount of the loan. Since one-time payments will directly lower the need to make use of the host State loan, it is reasonable to deduct this percentage from the beginning to the benefit of the contributing States Party. Otherwise, this would have to be done at the time of the adjustment on completion of the project.<sup>6</sup>

(b) One-time payments shall be subject to a final adjustment once the final cost of the project<sup>7</sup> and the amount drawn on the host State subsidy are known at completion of the project.

<sup>1</sup> This is an update of the explanatory note contained in document ICC-ASP/8/34, annex II, which referred to the Court's original letter, dated 9 April 2009, requesting States Parties to indicate their interest in making one-time payments by 30 June 2009.

<sup>2</sup> ICC-ASP/11/35, annex I, appendix VIII.

<sup>3</sup> Although the current building construction cost estimate is €183.7 million, all calculations, subject to the final adjustment, will continue to be made on the basis of the €190 million approved maximum budget in order to keep consistency with States Parties having selected the one-time payment option at an earlier stage.

<sup>4</sup> Discount 1 is only applicable to States Parties having opted for one-time payments.

<sup>5</sup> Discount 2 is applicable to all States Parties, whether or not they make a one-time payment. The only difference is that those making a one-time payment would obtain this discount in advance based on the €190 million estimate (subject to the final adjustment), while others would obtain a reduction in the loan according to their share of assessed contributions at the time of the final adjustment on completion of the project.

<sup>6</sup> See point (b).

<sup>7</sup> The final cost of the project is expected to be available by the end of 2015.

*Final adjustment* of Discounts 1 and 2 on completion of the project:

Should the entire loan of €200 million need to be utilised,<sup>8</sup> both Discount 1 and Discount 2 would be reduced to zero;

Should the building costs exceed the maximum loan of €200 million,<sup>9</sup> then Discount 1 would be apply only to the part of the one-time payment that actually reduces the loan below €200 million. Discount 2 would be reduced to zero; and

Should the building costs come under the current €190 million estimate, Discount 2 would be increased for all States Parties to reflect the increased host State subsidy as the result of the increased amount on the unused portion of the loan facility. Discount 1 would remain unchanged in order not to apply the same discount twice to States Parties having opted for one-time payments.

Explanation: a final correction is required to ensure that all States Parties will pay the correct amount. States Parties having already opted for one-time payments or contemplating a one-time payment should be cautioned that, at the completion of the project, additional funds might be required, although all efforts are being undertaken to complete the building on time and within budget, and, in this regard, the current project estimate is €183.7 million. For the purpose of the final adjustment, the scale of assessments at the time the final cost envelope of the project is determined, i.e. the completion of the project (December 2015), will be utilized to make the corrections. The scale of assessment will differ from the original 2009 scale of assessment calculation used for one-time payments,<sup>10</sup> for example, due to changes in the number of States Parties having occurred or occurring between 2009 and the time of the final adjustment. Changes in the scale of assessments after the completion of the project (December 2015) will not be applicable to the calculation of States Parties' assessed contributions to the project.

(c) With the new extension of the deadline, States Parties may opt for the one-time payment option from 1 December 2012 until 31 December 2014 and one-time payments may be made in one or more yearly instalments, between December 2012 and 15 June 2015.

One-time payments should be made in accordance with regulation 5.6 of the Financial Regulations and Rules of the Court. In case of a one-time payment in two or more yearly instalments, all instalments should be made accordingly.

According to the conditions of the host State loan, payment of interests begins as of the time of the first utilization of the loan,<sup>11</sup> while repayment of capital and interests will commence after expiration of the existing or future leases of the interim premises.<sup>12</sup>

Accordingly, should any of the instalments of the one-time payment by a State Party be received by the Court after the commencing of the draw down of the host State loan (currently estimated at the end of the second quarter of 2013), that State Party would be liable for the apportioned share of the interest on the host State loan, applicable up to the end of the month in which the one-time payment (instalment) is received.

The calculation mechanism is further detailed in appendix II to this note, which illustrates the different scenarios for States Parties opting for one-time payments or repayment of the loan, in accordance with the recommendation of the Committee on Finance and Budget at its nineteenth session.<sup>13</sup>

<sup>8</sup> This is highly unlikely in view of the current state of the project.

<sup>9</sup> This is unlikely since the current project cost estimate is €183.7 million.

<sup>10</sup> Used as the basis of the original calculation for one-time payments (ICC-ASP/8/Res.8) and still used for new one-time payments, for the sake of consistency, subject to the final adjustment.

<sup>12</sup> *Ibid.*, (f).

<sup>13</sup> *Official Records ... Eleventh session ... 2012* (ICC-ASP/11/20), vol. II, part B.2, para. 167.

*Estimated interest to be paid during the construction phase (2013-2015)*

The total annual interest costs related to the draw down of the host State loan during the construction phase of the project are currently estimated as follows: <sup>14</sup>

2013: € 204,568

2014: € 1,659,706

2015: € 3,627,525

These amounts are only payable by States Parties that have not opted to make a one-time payment or, having done so, have not disbursed all their instalments before the commencing of the draw down on the host State loan (currently estimated at the end of the second quarter of 2013).

States Parties liable for the payment of interest during the construction phase shall be assessed in accordance with the same scale of assessment applying to the Court's regular budget applicable at the time of the assessment, with the necessary corrections in order to exclude States Parties having made their full one-time payments before the draw down on the loan.

#### **Annex II**

#### **Criteria applicable to the agreement on the loan**

The agreement with the host State regarding its offer to provide a loan for the permanent premises project will stipulate that:

(a) A loan of up to a maximum of €200 million will be provided to the Court by the host State, to be repaid over a period of 30 years at an interest rate of 2.5 per cent.

(b) The agreement does not create for the Court any legal obligation to borrow the full amount (i.e. €200 million) from the host State or in any way restrict the Court's discretion in deciding on the amount that is to be borrowed.

(c) The agreement does not in any way restrict the authority and discretion of the Court to seek funds for the same purposes from any other source if the Court chooses to do so.

(d) In the event of the €200 million not being fully utilized at the end of the project, the host State will reduce the amount of the loan to be repaid by an amount that corresponds to 17.5 per cent of the non-utilized part of the loan.

(e) Interest is to be paid annually, as of the first utilization of the host State loan.

(f) Repayment of the loan, through regular annual instalments, will commence after expiration of the existing or future leases of the interim premises.

---

<sup>14</sup> These amounts may differ depending on further one-time payments being received as well as any changes in the cash flow of the project.

4. *Underlines* the urgent need to modify the system for victims to apply to participate in proceedings in light of the existing situation, in order to ensure the sustainability, effectiveness and efficiency of the system, including any necessary amendments to the legal framework, while preserving the rights of victims under the Rome Statute;
5. *Takes note* with appreciation of all efforts to enhance the efficiency and effectiveness of victim participation, including in particular by encouraging a more collective approach and *requests* the Bureau to prepare, in consultation with the Court, any amendments to the legal framework for the implementation of a predominantly collective approach in the system for victims to apply to participate in the proceedings;
6. *Invites* the Bureau to report to the Assembly at its twelfth session on any appropriate measures;

10. *Encourages* States Parties where crimes under the Court’s jurisdiction have been committed, to act in solidarity with victims by, inter alia, playing an active role in sensitizing communities on the rights of victims in accordance with the Rome Statute in general and victims of sexual violence in particular, speaking against their marginalization and stigmatization, assisting them in their social reintegration process and in their participation in consultations, and combating a culture of impunity for these crimes;

11. *Stresses* that as the freezing and identification of any assets of the convicted person are indispensable for reparations, it is of paramount importance that the Court should seek to take all measures to that end, including effective communication with relevant States so that they are in a position to provide timely and effective assistance pursuant to article 93, paragraph 1 (k), of the Rome Statute;

12. *Recalls* that the declaration of indigence of the accused for the purpose of legal aid bears no relevance to the ability of the convicted person to provide reparations,<sup>5</sup> which is a matter for judicial decision in each particular case, and further *requests* the Court to review this matter and to report to the Assembly at its twelfth session;

13. *Calls upon* States, international and intergovernmental organizations, individuals, corporations and other entities to contribute voluntarily to the Trust Fund for Victims also in view of imminent reparations, in order to substantively increase the volume of the Trust Fund for Victims, broaden the resource base and improve the predictability of funding; and *expresses its appreciation* to those that have done so;

15. *Recalls* the responsibility, under the Regulations of the Trust Fund for Victims, of the Board of Directors to endeavour to manage its resources originating from voluntary contributions in such a way as to ensure an adequate reserve to complement any Court-ordered reparations awards, without prejudice to its activities under the Trust Fund’s assistance mandate including those funded by earmarked contributions.

*Accepts* the credentials of the representatives of the States Parties concerned.”

9. The Chairperson then proposed that the Committee recommend to the Assembly of States Parties the adoption of a draft resolution (see paragraph 11 below). The proposal was adopted without a vote.
10. In the light of the foregoing, the present report is submitted to the Assembly of States Parties.

#### **Recommendation of the Credentials Committee**

### **Letter of the Minister of Foreign Affairs of the host State addressed to the President of the Assembly of States Parties, dated 12 November 2012**

Further to the letter of 26 September 2012 from the Secretary-General of the Ministry of Foreign Affairs and further to the consultations between this Ministry and representatives of the Assembly of States Parties, I would like to substantiate the earlier offer to partly reimburse the rent of the International Criminal Court's interim premises for 2013-2015.

Many countries represented in the Assembly of States Parties, including the Netherlands, are feeling the effects of the economic crisis. The crisis has necessitated budget cuts in many countries and also within the International Criminal Court. Nonetheless, the Netherlands feels that, as host country, it has a special responsibility towards the Court.

The Netherlands is therefore prepared to reimburse 50 per cent of the rent for 2013, 2014 and 2015, up to a maximum of €3 million per year (the total amount being a maximum of €9 million). We believe that this offer reflects both the special responsibility of the host State and the fact that the rent of the interim ICC premises is a shared responsibility between the members of the Assembly of States Parties.

The Netherlands will continue to support the International Criminal Court in the coming years, as it has done for the last 10 years.

### Statement of the President of the Assembly\*

This is the last session of the Assembly within the term of Ms. Silvana Arbia, the Registrar of the Court whose term is coming to an end early next year. Ms. Arbia has served the Court as its second-ever Registrar since her election in February 2008. In that function, she has had close contact with States, as the Registry, under her direction, exercises many functions that are very much on the minds of States Parties. The preparation of the annual budget and the facilitation of victims' participation are just two of these functions.

It is no secret that Ms. Arbia has had a long involvement with the International Criminal Court. She was involved in the drafting of the Rome Statute as a member of the Italian delegation to the Rome Conference. On behalf of States Parties, I thank Ms. Arbia for her service to the Court and wish her all the best in the future.

The eleventh session of the Assembly of States Parties to the Rome Statute has come to an end. It has been a nice culmination to a year of activities all over the world to celebrate the tenth anniversary of the entry-into-force of the Rome Statute. The fact that we are closing this session ahead of schedule shows that we have worked together in a good and very constructive spirit.

We have been able to conduct the general debate. We have also addressed two substantive agenda items, cooperation and complementarity.

Under cooperation we focused on the execution of warrants of arrest and seizure of assets. These are two crucial forms of cooperation. I hope that experiences shared by panellists were appreciated by all participants.

The Assembly has greatly benefitted from the participation of the Administrator of the United Nations Development Programme, Ms. Helen Clark, whose keynote address was a fitting start to the first plenary discussion on complementarity. I was heartened to see many States Parties, international organizations and NGOs participate in this debate. Interaction with and contribution from development actors will remain vital in our strive for complementarity.

In terms of elections, we have elected Mr. James Stewart to serve for the next nine years as Deputy Prosecutor. We wish Mr. Stewart all the best in this challenging job and hope that his way to the team of the Office of the Prosecutor will be quick and smooth.

We have also elected five members of the Board of Directors of the Trust Fund for Victims and nine members of the Advisory Committee of Nominations.

We have been able to agree on the budget of the Court for 2013 in the sum of €115 million. I would like to thank all delegations for engaging in a constructive manner on this important topic. My gratitude also goes to the host State and to Mexico for their contribution to cover the cost of the interim premises rent. Many thanks, on behalf of all of us, also to Ambassador Håkan Emsgård for having wrapped up the budget discussions before the Assembly session, so that we only had to spend time on a few technical details. This is a major achievement, and I truly hope that we will be able to continue in this spirit in the future.

The adoption of rule 132 *bis* of the Rules of Procedure and Evidence has also been an important achievement. I thank the Court for its initiative and hope that the issue of further amendments to the Rules of Procedure and Evidence will proceed dynamically next year.

The Assembly has adopted recommendations for the election of the Registrar of the Court, a crucial position. I hope that the recommendations will assist the judges in choosing the most qualified individual based on the merits.

\* At the eighth meeting of the Assembly, on 21 November 2012.

States Parties, after some discussion, have once again agreed on a comprehensive omnibus resolution. I thank the facilitator, who has taken this task at a very short notice. After ten years, the mandate given to the Bureau, its Working Groups and the Study Group on Governance to evaluate their working methods is particularly welcome. As an Assembly, we need to be able to adapt.

We are all aware of financial challenges that our countries and the Court face. While asking the Court to identify further efficiencies and to focus on its core activities, there is also scope for thinking how to identify efficiencies in the work of the Assembly. Each new mandate given to the Bureau should be carefully weighed. We should undertake a critical review of existing mandates. All discussion should be focused on achieving concrete and tangible results. We should also be mindful of the volume of reports that the Assembly and its subsidiary organs request from the Court. The importance of high-level support to the Court and to the Rome Statute continues to be vital for the success of the Court.

As we look forward to our common activities next year it cannot be overemphasized how important the Assembly's work in the inter-sessional period is: in the Bureau as well as in The Hague and New York Working Groups. It will be important to start preparing Assembly decisions starting at the very beginning of year, through discussions in the various facilitations. The results of this session would not have been possible without the thorough work done throughout the year by the Bureau, its Working Groups, the Study Group on Governance and others. My special thanks go to the Vice-President Markus Börlin for his coordination of The Hague Working Group and to Ambassador Pieter de Savornin Lohman, the Chair of the Study Group on Governance, who is retiring. I continue to be thankful to the Secretariat for its work in supporting the Assembly, its subsidiary organs and me personally.

We can be pleased with our work at this Assembly session: I look forward to continuing to work with all of you throughout the coming year and look forward to returning to The Hague next year for the twelfth session of the Assembly.

### **Statement by Italy on the appointment of the members of the Advisory Committee on Nominations, at the first meeting of the Assembly, on 14 November 2012**

I wish to express Italy's strong disappointment with the conduct and outcome of the process entrusted to the Bureau with regard to the appointment of the members of the Advisory Committee on the nomination of judges. Italy's position on this issue is very clear and has been made repeatedly clear to the Bureau and to you Madam Chair. Transparency, avoidance of any possible conflict of interest, and adequate review of the qualifications of the candidates should have been paramount principles to be taken into account. Italy regrets to be obliged to stress that the process did not meet the expectations which this first election had raised in light of the highly sensitive mandate of the Advisory Committee.

First, there was lack of transparency. The decision was taken by a very restricted group of the Bureau, and there has been no clarity on whether the Bureau itself carried out any review of such conclusions. In the presence of a large number of candidates within one regional group, no consultation was held with the interested States in order to discuss the situation and to find an appropriate solution. We realize that the Bureau had to take into account elements such as, in particular, equitable geographical representation and gender balance. But the report of the Working Group, as it stands, still hinders in our opinion any true review of the grounds for the decision.

Second, possible conflicts of interest between members of the Advisory Committee and future candidates for the position of ICC judges have not been even considered. Italy cannot see anything more important than avoiding any perception of a similar conflict in the appointment of the members of a body charged with the selection of future ICC judges.

Third, the qualifications of the candidates to sit on the Committee are only generally mentioned in the Working Group's report, which refers notably to academic and judicial background, recognized competence in international criminal law and public international law, diplomatic experience. We wonder why candidates that have all of these qualifications have been then excluded from the list submitted by the Bureau.

Madam Chair, in conclusion, Italy believes that the procedure that led to the listing of the members of the Advisory Committee fell short of meeting the basic principles of good administration that States Parties are entitled to expect for their decisions to be taken, and that this creates a serious risk for the credibility of the future work of the Advisory Committee.

I would be grateful if this statement by Italy is included in the Official Records of this session of the Assembly.

### **Statement by Canada, on behalf of Canada, France, Germany, Italy, Japan, and the United Kingdom, on the budget resolution ICC-ASP/11/Res.1**

I am speaking today on behalf of Canada, France, Germany, Italy, Japan, and the United Kingdom.

As strong supporters of the ICC, our governments are fully committed to its success. We are ready to ensure that it has the funds and resources it needs to do its work effectively.

It is incumbent on all publicly funded institutions, whether governments or international organizations, to use the resources entrusted to them wisely and efficiently, to be fully accountable for their use, and to maximise the value for money obtained.

These principles apply to the Court as well.

We therefore welcome the Court's constructive efforts to find economies and cost-cutting solutions. We also welcome the recommendations of the Committee on Budget and Finance, which we have taken fully into account this year. We acknowledge with satisfaction the important work of the budget facilitator, who conducted transparent consultations. These have facilitated the constructive and collaborative approach that has characterised this year's budgetary process.

We have given careful consideration to the budget facilitator's compromise proposal, in the light of the progress made this year, and bearing in mind the need for:

- (a) Rigour, transparency, and predictability in the Court's budgetary processes;
- (b) Fully justified and comprehensive budgetary proposals;
- (c) Discipline in the use of the Court's resources, including through innovation and reform to find economies;
- (d) Accountability for the Court's expenditure; and
- (e) A strategic approach to how the Court fulfils its operational mandate and administers itself.

These principles will continue to guide us in future considerations of the Court's budget.

We recognise the good work undertaken by the Court in finding efficiencies for its proposed programme budget for 2013. Although we believe that further efficiencies could have been achieved, we have concluded that, overall and in the circumstances of this year, the budget facilitator's proposal represented an acceptable outcome. We have therefore joined the consensus on it.

The Assembly and its States Parties will continue to fulfil their statutory mandate to scrutinise carefully and approve the Court's budget, and we will continue to advocate for efficiencies and economies. We look forward to continued constructive collaboration at the earliest stage possible of the budgetary process with the Court and amongst all States Parties. Working together in this spirit we can ensure that the Court will, in its own words, be a model of public administration. This will help put the Court on the most secure and sustainable foundation for its future.

We request that this statement be included in the Official Records of the eleventh session of the Assembly of States Parties.

### Statement of the Chair of the Committee on Budget and Finance, Mr. Gilles Finkelstein

I have the honour to present the reports of the eighteenth and nineteenth sessions of the Committee on Budget and Finance (“Committee”), subsidiary organ of the Assembly of States Parties.

The year 2012 has been one of sustained financial labour for the Committee at its April and September sessions, where our discussions have focused on key budgetary and management issues. Our reports to you bear witness to that work. I would particularly emphasize the quality and level of commitment of every member of our Committee. They have managed to address a very wide range of issues, of very great complexity, in their quest for solutions to assist the Court in its mission. In addition, I would add two further points. First, the organization of working groups within the Committee has enabled us, particularly between sessions, to facilitate discussion among colleagues, in preparation for debate and decision within the full Committee. Secondly, the Committee has produced for States Parties the first edition of a Manual in honour of the Court’s tenth anniversary. It summarizes the principal observations and recommendations of your Committee, explains certain procedural issues, and provides an overview of the Committee’s position on financial and budgetary issues since 2002.

I would also take this opportunity to express my thanks to the honourable President of the Court, to Madam Prosecutor and to Madam Registrar, as well as to all those staff members who have assisted us by providing reports or by taking part in our discussions.

Finally, I should like to convey my particular thanks to you, Madam President, and to your Excellencies, the Ambassadors, who have been kind enough to accept an important change in our *modus operandi*. The year 2012 has been a novel one, for the first time we have not confined our contacts to joint discussions subsequent to the Committee’s sessions. We have initiated a system of regular contacts throughout the year, enabling us to strengthen our partnership before, during and after the Committee’s sessions. That has involved us all in a great deal of work, but there can be no doubt that it has led to an improved joint approach to financial issues. Thanks to this new system, we can now be sure that our discussions no longer remain mere words, but are systematically translated into actions.

Madam President, with your permission, I should now like to address a point of methodology, before discussing our work.

Contrary to a widespread belief, the Committee does not only discuss accounts and the Court’s financial situation. It carries out a stocktaking of the institution, in order to evaluate and assess managerial and budgetary outcomes, the prime concern being to maintain permanent control over public finances.

Today, the exercise is subject to ever-greater constraints, given the economic context. At its last session, the Assembly established a financial rule, which must from now on — as it has done for the current year — constitute the fundamental principle governing our work, both for the Committee and for the Court. Thus, your resolution ICC-ASP/10/Res.4<sup>1</sup> requested the Court, if it was proposing any increase in the budget for 2013, to prepare a paper detailing the Court’s options where reductions would be made in order to bring the level of the approved budget for 2013 in line with that for 2012.

I said “fundamental principle”, for this rule represents a guiding principle, which transcends the simple annual context, and is intended to govern every important decision of the Court. As far as your subsidiary organ is concerned — this Committee — it has sought to ensure, on your behalf, that, with effect from 2012, the Court’s activities are transparent, solidly grounded and sustainable, in line with the spirit of the above resolution. This is reflected in the reports of the Committee, and in particular in the discussion of the draft budget for 2013. In terms of methodology, the Committee has sought to ensure that the

<sup>1</sup> *Official Records ... Tenth session ... 2011* (ICC-ASP/10/20), vol. I, part III, ICC-ASP/10/Res.4, section H, para. 2.

Assembly is presented with a sustainable budget, without affecting the very basis of our judicial institution, namely the fight against impunity for the perpetrators of the most serious crimes.

You have seen the Committee's two reports for the fiscal year 2012. Their scheme does not differ significantly from previous years. That for April 2012 relates principally to issues of budgetary implementation and oversight, and to administrative and human resources issues. The report for the September/October session was aimed essentially at addressing financial and budgetary issues, either directly or through the impact of administrative decisions, while conducting an in-depth analysis of our institution's future needs.

For purposes of this address, I will confine myself to a summary of the main crosscutting issues.

First, as regards financial issues, the Committee has made a number of recommendations relating to the scale of assessment and the replenishment of the Contingency Fund.

Thus for 2013 it has recommended that the Court make a provisional calculation of States Parties' contributions in accordance with the scale approved by the United Nations for its regular budget for 2012. The final calculation should then be based on the scale adopted by the United Nations General Assembly for its regular budget for 2013 at its 67th session, adjusted in accordance with the principles on which that scale is based.

In 2012, the Court has submitted eight notifications to the Committee for access to the Contingency Fund, in a total amount of €3.8 million. The Committee has recommended that the Court make optimal use of existing resources, and provide a report on the use of additional General Temporary Assistance in each major programme, to ensure effective oversight of these additional resources, as well as providing the Assembly with an updated estimate of costs. To date, the Committee has been informed that, with costs estimated at 98.5 per cent as at 31 December 2012, recourse to the Fund is likely to be limited to €0.5 million.

In this regard, the Committee recommends that the Court should, within 60 calendar days following the notification to access to the Fund, send, via the Committee's Chair, a written report providing an update on the use of the resources requested, with a view to the exercise of financial control over notifications. Furthermore, we stressed in our April report that extreme caution should be exercised in accessing the Fund. It is not to be treated as an alternative method of financing.

We have also addressed the question of amendments to the Financial Regulations and Rules. The Committee, while approving the proposed amendments, considers that the Court must continue its dialogue with the external auditors, with a view to facilitating IPSAS (International Public Sector Accounting Standards) implementation.

The investment of liquid funds was discussed. It was agreed that the prime concern should be to preserve investment capital, while seeking an adequate return. The Court should determine which banks should be used, taking into consideration its cash flow needs and banks' credit ratings in unstable financial market conditions.

Finally, the Working Capital Fund was discussed, and the Committee recommended that the fund be maintained at its current level, given the strength of the Court's cash-flow situation.

I would further add that, as regards efficiency measures, at every session the Committee monitors the gains reported by the Court. While still lacking an analytic accounting tool that would permit detailed oversight of the impact of the measures adopted by the Court, the Committee notes the significant efforts deployed in this area.

Secondly, as regards organizational issues, the Committee has recommended that the Court establish a process enabling its financing needs to be ranked according to its priorities. In the same spirit, it has asked the Court to implement a zero-based budgeting exercise for its public information, documentation and outreach activities. It was clear that this was an area, which could benefit from greater sharing of resources among the Court's various organs. Similarly, the Committee has asked the Court to make further endeavours to

implement analytic accountability at less cost. The aim is to obtain a more precise view of the cost of each activity. As regards the implementation of IPSAS, steady progress is being made, and at every session the Committee monitors progress in the installation of tools for the provision of financial information.

In relation to the Trust Fund for Victims, the Committee has recommended that the Court and the Fund Secretariat jointly undertake a thorough review in order to mitigate exchange rate risks.

Thirdly, as regards administrative issues, this year the Committee has taken the opportunity to make a number of proposals, which we believe to be of importance to this Assembly.

After lengthy discussion with the Court and the various organs, the Committee believes and recommends that the Assembly should approve the health insurance subsidy scheme for retirees. As to the Junior Professional Officer Programme (JPO), a further submission is to be made at the Committee's next session, and a proposal will be submitted to you in due course. You will doubtless also have noted in the Committee's reports for 2012 that we have recommended caps on funds for legal representation, supplies and equipment, but also for the use of consultants. In relation to the latter, the Committee has suggested that you establish a ceiling, as well as harmonizing their budgetary treatment. It is surprising, to say the least, to find that any reduction in funds for consultants is matched by a proportionate increase in those for contractual services!

As regards post vacancy rates in relation to staff numbers, the Committee recommends that the Court continues to maintain a vacancy rate for established posts, and recommends a general vacancy rate of 8 per cent, save in the special cases mentioned in the report.

However, one of the Committee's principal proposals relates to its recommendation that the Assembly should integrate the increase in United Nations Common System costs in respect of staff into the budget for 2013. As to the details, I would refer you to our report from last September on this matter, while emphasizing that we need to resolve this issue here and now, and above all avoid seeing future budgets burdened as a result of a multiplier effect, which would complicate your task still further.

In brief, the Committee noted that the Assembly had requested the Court to join the United Nations Staff Joint Pension Fund. Article 3(b) of the Fund's Regulations and Rules provides that membership in the Fund shall be open to any specialized agency, as well as to any other international, intergovernmental organization which participates in the common system of salaries, allowances and other conditions of service of the United Nations. Admission to membership of the Fund shall be by decision of the General Assembly upon the affirmative recommendation of the Board, after acceptance by the organization concerned of those Regulations and Rules. At its second session, the Assembly adopted the Court's Staff Rules and Regulations, several of whose provisions are based on those of the United Nations Common System. It should further be noted that the Court submitted its Staff Rules and Regulations to the Board, and that the General Assembly authorized admission of the Court to membership of the Fund. In these circumstances, the Committee considered that the Court was bound by the Regulations of the Fund, and thus obliged to apply to its staff the main elements of the common system, such as classification of posts and salary scales and allowances.

One final cross-cutting issue needs to be mentioned here: at its eighteenth session the Committee stressed the need to introduce a culture of personal accountability among staff, which should accordingly include a system of rewards for good performance and sanctions for poor performance, while pointing out that any reclassification of posts at professional level needed to be approved by the Assembly.

Fourthly, as regards the Court's activities, the Committee has held lengthy discussions with the various organs of the Court with a view to establishing a permanent link between the resources requested and the Court's actual judicial activity underlying its financial requests. The Committee has thus recommended a reduction in certain budget lines relating to operational support for 2013, details of which you will find in the annex to our report. These mainly involve travel costs, contractual services and general operating

costs for Major Programme III. Since these four items represent a total of €4.7 million for 2013, an across-the-board cut of 5 per cent has been proposed, namely €235,000, while excluding the other major programmes from this reduction.

I believe it would help you to obtain a proper grasp of our work if I emphasize an important point in our report. It will not have escaped your notice that, over Major Programmes I to VII, we have proposed a complementary micro-economic approach, involving reductions either in budgets or in individual budget lines. This has all, of course, been undertaken in light of our discussions with the Court, and based on its reported activities.

However, I would at once add that our work depends to a great extent on the knowledge available to us of the Court's overall strategy and of the judicial decisions taken by it in the course of the past year. Clearly, it is judicial activity, which primarily drives our forecasts. In addition, the Assembly must constantly bear in mind the fact that a budget forecast can only be based on the knowledge available at the time when it is made. You may rest assured that, when unforeseeable events do occur, the Committee cooperates closely with the Court in order to confine access to the Contingency Fund to what is strictly necessary.

Fifthly, as regards legal aid, the Committee has this year recommended that the Assembly adopt the Registry's proposals for various lump-sum payments to teams to be adjusted in light of fluctuations in procedural activities. This should already result in overall savings of more than a million euros from 2013. Your Committee has accordingly applied the logical consequences of this to the proposed budget for the forthcoming year.

The aim here is not drastically to reduce the resources available to teams representing defendants or victims, but to adjust legal aid so that it covers those items for which it is normally intended. Other aspects will certainly be the subject of further consideration in the future, *inter alia*, indigence and representation of the parties in the reparations phase. Other alternative mechanisms might be established in place of certain current structures.

Sixthly, regarding the Court's premises, the Committee has proposed a certain number of savings in the draft programme budget for 2013 (for example, €120,000 for the interim premises). As regards the permanent premises, the Committee has recommended that the Court rapidly set up a body to make a long-term study of the implications of the move to the new premises. The working group will also need to provide the necessary detailed data to enable new States Parties, acceding after completion of the permanent premises, to be informed of their contribution to the financing of the project. I would further add that the Committee has again sought to limit the costs of the new equipment that will need to be purchased.

Finally, the Committee has reviewed the work of the Office of Internal Audit, and made a number of suggestions, including a proposal that each audit report should contain a summary of its previous recommendations and a status report on their implementation.

Allow me again to convey my warmest thanks to all of the Court staff, who, once more, have shown such an excellent spirit of cooperation in working with the members of the Committee. The work has, of course, been particularly demanding this year, but it has been conducted in a spirit of dialogue and partnership that cannot be emphasized too strongly.

For myself, as Chair of the Committee, I should like to express my deepest gratitude to all of my colleagues for their valuable contributions to our work over this past year. It is a privilege to be a member of this Committee.

In conclusion, I should like to say a final thank you, not so much to those responsible for the day-to-day conduct of business in this international judicial institution of ours, but quite simply to you, the Assembly. Through your work, your guidance, your commitment, you give meaning to our work. There is nothing perfunctory about your sessions. Your decisions of course represent challenges to the Court, but also to your Committee on Budget and Finance. For that we thank you most sincerely.
