Darrell Rafa Raihan

Startup and Business Enthusiast | Frontend Engineer with over 50 web projects on GitHub

Bandung, West Java, Indonesia

Summary

I'm on a mission to bring innovation to life through technology. I thrive at the intersection of design and code, where aesthetics and functionality meet to create captivating digital experiences. With a strong foundation in Frontend Development and an unbridled enthusiasm for the world of start-ups and businesses, I'm dedicated to crafting exceptional products and driving digital transformations that truly matter.

As a start-up enthusiast, I'm captivated by the disruptive potential of emerging businesses. I've worked alongside founders and innovators, and we've developed many ideas to life by building user-friendly, scalable solutions that resonate with our target audience. I'm energized by the fast-paced, dynamic environment of start-ups, and I relish the opportunity to contribute to the success of the modern world.

As a frontend developer, I revel in the challenge of turning complex ideas into clean, intuitive, and beautifully designed web applications. My code is my canvas, and I'm committed to crafting pixel-perfect, responsive designs that engage users and leave a lasting impression. I'm also a firm believer in the power of collaboration, and I thrive on working with cross-functional teams to transform visions into reality.

I'm Darrell, a highly driven maniac, continuously exploring, innovating, and growing.

Experience

maumakan

Chief Executive Officer

August 2023 - Present (5 months)

Bandung, West Java, Indonesia

Maumakan is an all-in-one restaurant reservation website that allows users to view menus and reviews, make reservations, and place menu orders, while also providing seat layout information for restaurants across Indonesia. We strive to offer a comprehensive solution for food enthusiasts seeking the finest dining experiences in the world of Indonesian cuisine. Our platform provides a one-stop solution for discovering restaurants, making reservations, and ordering menus simultaneously, making it the primary source for all things related to food and culinary experiences in Indonesia. Competed in The Greater Hub program organized by Institut Teknologi Bandung

HansDev

Chief Executive Officer

September 2022 - Present (1 year 4 months)

Indonesia

We develop an administrative website for the administrative staff at SMKN 4 Bandung. Responsible for planning, organizing, and directing the completion of the project. Ensuring the project is completed within specified timeframes and maintained a high level of quality.

PT. Neuronworks Indonesia

Frontend Engineer

October 2023 - November 2023 (2 months)

Bandung, West Java, Indonesia

Working within a team of five individuals, consisting of 2 frontend developers, 2 backend developers, and 1 QA specialist. We collaborate to develop the company profile website for PT. Neuronworks Indonesia. My role as a frontend developer involves transforming UI/UX into a user-visible website and fetching data from the backend through REST API. The technology stack used includes Next.js, TypeScript, and Tailwind.

JejakPendaki
