Different policy schools tackle policy analysis differently. The [[Harris School of Public Policy Studies]] at the [[University of Chicago]] has a more quantitative and economics approach to policy, the [[Heinz College]] at [[Carnegie Mellon]] uses [[computational science|computational]] and [[empirical]] methods, while the [[John F. Kennedy School of Government]] at [[Harvard University]] and the [[Trent Lott Public Policy Leadership Institute]] at the [[University of Mississippi]] have a more political science and leadership based approach.
