战略聚焦初现成效 中兴通讯2019年Q1净利8.63亿元人民币 上半年预计净利12亿至18亿元人民币
2019年半年度业绩预告显示,中兴通讯预计2019年1-6月归属于上市公司普通股股东的净利润为12亿元人民币至18亿元人民币。2019年1-3月,中兴通讯实现营业收入222.02亿元人民币,归属于上市公司普通股股东的净利润为8.63亿元人民币。

中兴通讯与腾讯签署5G网络技术与应用合作协议 共同推动5G行业发展
中兴通讯与腾讯正式签署5G合作备忘录,双方将加强5G网络技术与应用创新合作,促进5G边缘计算、QoS加速、网络切片、网络能力开放等技术成熟和部署应用,共同探索5G边缘计算业务应用和创新商业合作模式,推进5G行业发展。

《中兴通讯技术(简讯)》2019年 第6期
随着5G时代的来临,AR/VR/4K/8K等大视频业务的普及和发展,以及光纤宽带从家庭向移动承载和政企行业等领域的拓展,接入网迈入新的发展阶段,运营商迫切需要构建极速、融合和优质体验的下一代接入网。

ECCN查询

ECCN发布声明

中兴通讯股份有限公司（“中兴通讯”）及其子公司致力于遵守所有适用的出口管制法律法规。作为合规工作的一部分，中兴通讯向客户和业务合作伙伴提供适用的出口管制分类编码（“ECCN”），含有美国原产受控成分的物品最小占比计算、以及受《出口管理条例》管辖的产品的其他出口管制信息。请使用以下查询工具，通过产品代码、产品名称或产品型号查询ECCN和其他出口管制信息。请注意，所提供的信息可能有所变化，并可能根据额外的信息不时做出更新。

此处提供的信息不用于确定在美国出口管制和制裁条例规定项下向受制裁国家和地区进行出口、再出口或其他转移的出口管制限制。中兴通讯的政策要求不与受制裁国家和地区（目前包括古巴、伊朗、朝鲜、苏丹、叙利亚和克里米亚地区）直接或间接进行业务往来。将中兴通讯产品出口到这些国家和地区是不被授权的。此处提供的信息未考虑任何特定交易的具体情况，其中诸如目的地国家、最终用户和最终用途等可能影响许可证确定的因素（例如，最终用户是否被列入受限方名单或最终用途是否是禁止的）。

DM25列指的是将受EAR管辖且ECCN管控制理由不仅限于反恐1列（Anti-Terrorism Column 1，“AT1”）的所有成分价值纳入分子的最小占比计算，表明物品是否受EAR管辖。

中兴通讯同样在DM10列提供所有受EAR管辖的成分（无论该成分是被分类为EAR99或者是在商业控制清单上特别列举）的价值大于10%的最小占比计算。出口商必须审查所有适用的出口管制和制裁规定以及争议交易的具体事实。出于法律合规目的，不能依赖DM10列中提供的信息。此外，如上所述，中兴通讯的政策是不与上述受制裁的国家或地区直接或间接进行业务往来。任何通过第三方将中兴通讯物品直接或间接出口、再出口或转移至这些受制裁国家与中兴通讯的政策相符。

该等信息不构成美国或其他国家法律法规下的法律建议。中兴通讯提供的ECCN等信息仅作参考之用，而不对第三方依赖于该等信息而进行的任何交易、出口、再出口或转移承担任何责任。

如果您对本查询工具或所提供的ECCN有任何问题，请联系：ZTE.ECCN@zte.com.cn

Key Field

Key Fields	Display Results	Description
Proportion (25%)	Percentage%	The minimum proportion of the product is applicable to non-E:1 countries (i.e., non-embargoed countries) based on the principle of minimum proportion calculation with a threshold of 25% in EAR.
	Empty	The proportion calculation of the purchased parts/resale materials (non-functional purchased parts collection) does not need to be performed by ZTE.
Is it subject to EAR jurisdiction	Yes/NO	Determine whether the product is subject to EAR according to the [DM25] value: [DM25] When >25%, the field value is "YES" and the product is governed by EAR; [DM25] When <=25%, the field value is "NO" and the product is

(25%)		not subject to EAR.
Us ECCN	ECCN encoding consisting of numbers and letters	The Export Control Classification Code is a number and letter-based code assigned to an item by the Department of Industrial Security (BIS) of the United States Department of Commerce, which is specified in the Commerce Control List (CCL) of EAR.
	EAR99	If the product is under the jurisdiction of EAR but not in CCL, it is EAR99.
	N/A	The product is not subject to EAR and no ECCN classification is required.
Permit	Licence No.	Export Licenses, referred to as export authorizations issued by the United States or other countries (except Hong Kong), are currently limited to export authorizations issued by the United States in the ECCN Control System.
	N/A or empty	For products that already have ECCN, it indicates that the product being queried has no license.
Permit Exception	EAR § 740 Types of Licensing Exceptions as specified in Section	The export and re-export authorization shall be granted on the basis of the corresponding conditions, and the export and re-export of products subject to the EAR shall be permitted without the application for the license. This field information displays the type of license exceptions that apply to the product. Please refer to Section EAR § 740 for specific provisions for each type of licensing exception.
	NLR	There are no license requirements and therefore no license or exceptions are required.
	Empty	For products that already have ECCN, this field is blank and represents no license requirements, no license or exceptions are required.
Licensing Exceptions	EAR § 740 Specific License Exceptions Number in Section	Number of the legal provisions corresponding to the licensing exceptions in EAR. This field displays the specific clause number of the license exception to which the product applies. Please refer to Section EAR § 740 for specific provisions on the number of each license exception clause.
	Empty	For products with an existing ECCN licensing exception of NLR or blank, no licensing exception is required; This field should not be blank for products that already have ECCN and have license exceptions that are not NLR or empty.
CCATS	Numbering of numbers and letters	When a product submits a BIS classification, the BIS assigns a commodity classification automatic tracking system number to each of its classified commodities.
	Empty	When this field is blank, it indicates that there is no CCATS number.

Proportion (10%)	Percentage%	The minimum occupancy ratio of the product is based on the principle of calculating the minimum occupancy ratio with a threshold of 10% as defined in EAR. May be used in an embargoed country, but ZTE's policy is not to conduct any business directly or indirectly with the embargoed country.
	Empty	The proportion calculation of the purchased parts/resale materials (non-functional purchased parts collection) does not need to be performed by ZTE.
Is it governed by EAR (10%)	Yes/NO	Determine whether the product is subject to EAR according to the [DM10] value: [DM10] When >10%, the field value is "YES" and the product is under the jurisdiction of EAR; [DM10] When <=10%, the field value is "NO" and the product is not subject to EAR. However, it is ZTE's policy not to engage directly or indirectly with the embargoed country.
Remarks	This is a material from a third party, "whether or not it is subject to EAR" and ECCN classification information is provided by the supplier	This product is purchased or resold materials provided by a third party (set of non-functional purchased items). Export control information for all materials in the purchased or resold materials (non-functionally purchased items) is provided by third parties, the ECCN control system does not display the calculation results of the percentages, and ZTE does not classify such products as ECCN. If you need to review their export control information, click Material Code (displayed in blue).
	This is a configurable product with a minimum ratio calculated based on a typical scenario for information only	Non-fixed configuration products manufactured by ZTE. The minimum share ratio of this product is calculated according to the typical configuration, and this minimum share ratio is for reference only. In the case of actual transaction, the result of GTS verification shall prevail.
	This is a configurable resale model, please refer to its detailed purchased parts ECCN	This product is a combination of materials provided by third parties and export control information is provided by third parties. The ECCN Control System does not display the calculation results of the proportion of such products, and ZTE does not classify such products by ECCN. If you need to review their export control information, click Material Code (displayed in blue).
	Empty	It is stated that this product is a fixed configuration product manufactured by ZTE.
